

# AYUSH KUMAR SINGH Experience

(+91) 8858-752-311  
singhayush05497@gmail.com  
[Portfolio](#)

## Education

- **Indian Institute of Technology (BHU), Varanasi** July 2017 – April 2021  
B. Tech. in Electronics and Communication Engineering
- **Central Hindu School, Varanasi** 2016  
All India Senior School Certificate Examination (Percentage: 89.20)
- **Central Hindu School, Varanasi** 2014  
All India Secondary School Examination (Percentage: 95.00)

## Skills

- Backend: Java, Spring, C/C++, PostgreSQL
- Frontend: JavaScript, jQuery, Bootstrap, HTML, CSS
- Technologies: Visual Studio, Eclipse, TFS, Jenkins, Linux
- Areas of Interest: Data Structures, Algorithms, System Design

## Achievements

- ◊ Received Applause Award twice for Big Data Processing in Java and Enhancing API Resiliency using Resilience4j from AVP of EdgeVerve.
- ◊ Received Stellar Award as a Team for contributing in API enhancements and Zero Downtime Deployment from AVP of EdgeEerve.
- ◊ Secured All India Rank of 848 in JEE Mains and 2585 in IIT JEE Advanced - 2017.

### EdgeVerve (Full-time)

Aug 2021 – Present

#### Report Generator:

- Implemented automated Excel report generation using Java and J2EE technologies.
- Generates millions of error reports in a single day, significantly improving performance.
- Exposure: Java, Excel Sheets, OOPS, Programming, Automation

#### File Adapters:

- Created Java-based processors for processing Orc and Parquet Format Files for high-speed data processing.
- Enabled processing of data at a speed of 3GB per minute.
- Exposure: Java, J2EE, Spring, PostgreSQL

#### Circuit Breaker for APIs:

- ◊ Enhanced product resiliency by implementing Circuit Breaker for APIs.
- ◊ Designed fallback routes for failures, improving performance and reducing latency.
- ◊ Exposure: Java, Spring, Apache Camel, Resilience4J

#### UI Dashboards:

- Designed and developed dynamic dashboard pages using JavaScript, Bootstrap 5, and jQuery Data Tables.
- Served over 1000 small to large-scale customers.
- Exposure: Spring MVC, Java, JavaScript, jQuery

#### Multi-Tenant Database:

- Devised and executed a system to support the coexistence of multiple customers' data within a single database.
- Merged data from several small-scale customers into a unified database, effectively reducing operational costs and ensuring affordability for clients.
- Exposure: Java, Spring, PostgreSQL

### Mentor Graphics (Internship)

Jun 2020 – Aug 2020

- ◊ Devised an algorithm for area report generation before processor fabrication.
- ◊ Analyzed the required components in the circuitry.
- ◊ Exposure: C/C++, Shell
